ESSENTIAL READING IN MULTIDISCIPLINARY CANCER CARE

Sponsorship of Distribution

Oncology Exchange offers opportunities for financial contribution by industry or associations that assure selection of articles for publication that have been independently controlled and prepared. Support of this non-promotional, educational activity allows *Oncology Exchange* to publish a greater number of articles written by Canada's leading KOLs, oncologists, specialists, APNs, GPOs, pharmacists in oncology, and other valued members of the multidisciplinary cancer health care team.

Industry or association involvement is limited to sponsorship of the distribution. A sponsorship of distribution statement will be included up front in the issue of *Oncology Exchange* and disclose the corporate name of the sponsor.

Sponsorships may vary according to number of pages sponsored.

Cost:
